Most Respected Sir,

I most respectfully pray your indulgence to place before you my humble and respectful entreaty for your kind and generous consideration. It is needless to bring to your notice that my revered father Vydyaratna Late Gundlunandit Lakshmana Charya constructed the suitable Building in the Mysore City for teaching the Ayurvedic and Unani Colleges. The opening ceremony of the Building was performed by our beloved Dewan Amir-ul-Mulk Sir Mirza Asaf-ud-Daula, and a Portrait of my revered Father is also placed in the building.

Having learnt that it was contemplated to put up a storey on the said building from the enjoyment of some other charitably disposed gentleman and put his name also on the said building. I submitted an application to you on 2-5-31, (copy also enclosed herewith) praying that my Father's charity should be left intact without mixing it up with other charities, so that it might not be opposed to the cherished sentiments of my revered Father.

I regret I have not been fortunate enough to receive any reply for the same. I now learn with great dissatisfaction that it is proposed to remove inscription on the building and put up another charitable gentleman's name after constructing the intended storey.

I, therefore, as a grateful son of a revered Father earnestly pray that in the putting up of a storey on the present building, which is in my Father's name is a fact, to "leave" the idea and leave my Father's charity independent. There is ample space to the north of the present building where another independent building may be constructed.

I can now pray and hope that the Government will kindly drop all ideas of disturbing the present building, for which I most sincerely thank the Government.

I beg to remain,

Most Respectful Sir,

Yours most obediently,

Yours,

20th November 51.

Most Respected Sir,

I most respectfully beg to submit the following few lines for your kind and generous consideration. My revered Father who was a well-known and successful Ayurvedic Pandit and a great Sanskrit Scholar had cherished a great love for the learning of Ayurveda and as an expression of the same he desired to construct a suitable building in his own name for locating the Ayurvedic College. To our good fortune it became an accomplished one and my revered Father had the good fortune of seeing its Opening Ceremony by our beloved Dewan Sahib Sir Mirza W. Ismail. The Building is in a most conspicuous important part of the City being close to the Sree Krishnarajendra Hospital and the Medical College.

The Ayurvedic College has become very popular and its fame has spread far and wide. I take this opportunity of thanking our benevolent Government for having made my Father's object a realised one.

I now learn that the Government is contemplating to put up a Second Story from the endowment of some charitable persons on the present Building and name it in the Donor's Name. In this connection I beg to submit that the contemplated arrangement will be opposed to the cherished sentiments of my Father namely that the building should be in his name only. My Father's application and the Government correspondence will clearly prove this fact. The idea is also not appealing to me and to my family members as well.

I, therefore, as a dutiful son of a revered father earnestly pray that if the putting up of 2nd floor on the present building which is in my father's name is a fact to kindly drop that idea and leave my father's charity independent. There is ample space to the North of the present building where another independent building may be constructed.

I once more pray and hope that the Government will kindly drop all ideas of disturbing the present building, for which I most sincerely thank the Government and,

I remain,

Yours most obediently,
